

GIVE UP FOREIGN BASES, MOLOTOV URGES

Rule Courts Must Report Traffic Convictions

Tells UN Soviet Union is Studying Eisenhower Plan

Makes No Reference To Bulganin Letters To Big Three Chiefs

UNITED NATIONS, N. Y. — Russia called today for all powers to give up foreign bases and demanded agreement on reduction of armed forces without waiting for a disarmament treaty.

Soviet Foreign Minister Vyacheslav M. Molotov told the United Nations General Assembly that the Kremlin is "engaged in studying" President Eisenhower's arms inspection plan.

But he gave no hint as to whether the Russians would accept it. And he made no reference to Soviet Premier Nikolai Bulganin's letters to the Big Three heads of state, which presumably concern disarmament.

He boasted that the Soviet Union had abandoned its bases at Port Arthur, in China, and at Porkkala, in Finland.

"From Words to Deeds" — The Soviet government, he said, "has proceeded from words to deeds." This gives us reason to call upon the governments of other powers, and particularly of those which maintain numerous bases on foreign territories, to give up their bases.

"Such a course would, undoubtedly, best meet the need to call off the armaments race, build up confidence among nations and end the cold war."

Molotov gave no direct reply to the offer made Thursday by Secretary of State John Foster Dulles of an "overall plan of European security" in exchange for the Kremlin's agreement to unify Germany.

But he recalled that "the Soviet government raised the question of having an effective security system established in Europe and to that end presented an appropriate proposal."

"That proposal," he said, "provides for the establishment of a collective security system in Europe based on the joint efforts of all European countries, irrespective of their social and political systems."

"The Soviet Union is willing, of course, to study any other proposals designed to insure European security."

Molotov said that Russia was interested "in ascertaining to what extent that Eisenhower proposal would contribute to a reduction of armaments and to the settlement of the problem of outlawing atomic weapons."

Presents New Resolution — "That is to say," he added, "to what extent it would help fulfill the principal task—that of ending the armaments race and relieving the people of the heavy burden of inflated military budgets and various war preparations."

Molotov urged adoption of Russia's overall disarmament proposals, put forward last May 10. The West has rejected these proposals until a foolproof system of inspection and control is established.

However, the Soviet foreign chief presented a new resolution for the assembly's consideration. It urged consideration of disarmament proposals made by Britain and France, as well as those of the United States and Russia. Britain wants a mutual inspection of troops confronting each other across Europe's Iron Curtain. France has proposed limitation of armaments by "budgetary control."

About Town

And Country
By TIMOTHY T.

ODDITIES: Since the popularity of the two-tone automobile has risen to such heights, we'll discuss Lawrence Hale's hen. She ever lay? (Ouch! What a pun!) I'll say she does. And she laid as perfect a two-tone egg as you ever saw. Only I haven't seen it; I'm taking the word of the clergy.

The Rev. H. T. Taylor, pastor of Raleigh Baptist church, was telling me about it. He said that Mr. Hale gave him the egg, which is light on both ends and has a chocolate brown stripe around the middle.

NOT TO BE outdone was Rev. Joe Morman, pastor of the Harrisburg Baptist church, who was with Rev. Taylor when he told me of the egg. When Rev. Joe said he had something to tell me, right then and there I knew it'd be about something down in Texas as that I couldn't check. But it wasn't.

He said that day before yesterday he looked out his window at his apple tree and thought some paper had blown into it and stuck there. He went out to remove it and discovered that his tree was blooming for the second time this season.

But back to Texas. I want to tell the minister from the big state that the Yellow Rose of Texas was my favorite popular song until I heard Arthur Godfrey sing it the other night.

AND WE'RE NOT THROUGH with oddities yet. Only this time, human endeavor took over and didn't let nature do it all.

Mrs. Roy Seright, our publisher, has taken a stalk of corn and with considerable ingenuity made it into a floral display. The leaves from the ear of corn and a small portion of the ear itself are made into flowers, with the ears forming the petals. Other leaves from the stalk are made into flower leaves.

BUT THERE'S NOTHING ODD about these words of practical wisdom spoken by Elmer Wheeler in Kiwanis Magazine. Says Mr. Wheeler:

"Words are like sunbeams, someone wisely said: the more you concentrate on them the deeper they burn."

"How true this is. How true, too, the fact that you cannot erase the spoken word; once it is spoken it is on its merry way—on the way to make a friend or to lose one; to encourage, or to tear down a reputation."

"Words on the loose! How they can damage, chew up, tear apart, rip a reputation; how they can inspire, lift up, elevate! 'Simple spoken words,' uttered on the spur of the moment from the lips that are too thin or too full, cannot be erased, once they are spoken! They leap at people, penetrate their ears, pierce their brains, leave a good thought, or bury a bad one."

"Be a good listener first, a good talker second, and you will not wish I hadn't said that." Think twice and speak once, and you won't always be "shooting off."

"You cannot learn when your mouth is working. You learn when your ears are working and your mouth is closed. Before you say it, write it, for then, if you do not like the way it looks, you can erase it on paper."

"These are the simple remedies for quick-spoken folk; for people who regard their words carelessly, thoughtlessly. How cruel are many words spoken in haste. 'You're wrong' or 'You don't understand what I mean,' someone shouts, and the other person feels he is regarded as pretty dumb. 'I didn't make myself quite clear' would have been a better way to put it."

"It is all in how you say what you say. Watch your words, and your words will watch out for you. Think twice, speak once. Listen more than you talk."

"Remember, you can't erase the spoken word."

Rain Breaks Long Dry Spell Here

The long dry spell was broken early today by cooling rain.

Summer Bows Out; Fall Gets Cool Beginning

Autumn Snow Blocks Highways In Alberta

By United Press

This summer of 1955, which will stand on the record books as one of the hottest in the nation's history, ended today.

A heat wave still was hanging on in the South. But fall got off to a blustery start in Canada, where the worst autumn snow storm in five years blocked highways in southern Alberta.

Officially, summer was to bow out and fall was to begin at exactly 1:42 p. m. CST. This was the moment of autumnal equinox, when the center of the sun is directly over the Equator.

Most of the nation was appropriately cool for the beginning of fall, with brisk Canadian air knitting as far south as the Texas Panhandle.

But summer heat stayed on in the Gulf states and southwest desert. Highs of 99 were registered Thursday at Yuma, Ariz., and Needles, Calif., and temperatures were in the 90s as far north as southern Illinois and Indiana.

New Hurricane — In Alberta, meanwhile, nearly 5 1/2 inches of snow blocked highways and halted traffic in and around Calgary. The snow was whipped by 20-mile-per-hour winds and power lines were knocked down in nearby areas. At least one death was blamed on the storm.

Far to the south, a new hurricane churned through the Caribbean and the death toll of hurricane Hilda continued to rise. The new hurricane, dubbed Janet, was only a little more than a day old, but already carried 115-mile-per-hour winds. It raged through the sparsely populated Windward Islands and was headed in the general direction of Central America.

The summer which ended today had been the hottest on record in many parts of the country. Successive heat waves broke record after record and the hot weather lasted far into September.

The season's worst heat wave was in the Los Angeles area, where more than a week of 100-plus scorches caused scores of deaths.

To Expand S. A. Fund Drive

The Salvation Army's drive for funds is being set up in Eldorado as well as Harrisburg and efforts are being made to take it into Carrier Mills and Galatia, Atty. John W. Biggers, drive chairman, announced today.

John Murphy, assistant county superintendent of schools, will be in charge of the Eldorado drive and he will be assisted by Lee Skaggs and Omer Hobbs. Biggers and Lt. Andrew Sands of the local post appeared also before the board of directors of the Eldorado Chamber of Commerce and received a warm response. Gil Montgomery spoke highly of the work of the Salvation Army.

Mr. Biggers pointed out that although the Salvation Army unit has headquarters here, its work is not confined to Harrisburg. Relief has been given from time to time to persons in other parts of the county, he said, and added that services would be held in Eldorado, Carrier Mills and Galatia, if the drive is successful.

Names of chairmen of various committees will be announced at a meeting to be held at 7:30 p. m. Monday at the Salvation Army church, Mr. Biggers announced. The meeting will be attended by advisory board members and other volunteer workers.

Mr. Biggers said that a schedule of spot announcements regarding the drive and the work of the Salvation Army has been arranged for WEBQ.

Delinquent Tax List Scheduled For Next Week

The real estate delinquent tax list for Saline county will be published at the end of next week, Maynard Cannon, county collector, stated today.

Due to time required by the printers in setting up the list, it has already been turned over to them. However, Mr. Cannon has made arrangements whereby those who pay their taxes through next Thursday may have their property removed from the list before it is published.

All taxes, both real estate and personal, are now delinquent, and additional costs are required by law to be added as of June 1 and September 1.

Navy Vet, Wife, Two Children Picket Plant

BESSEMER, Ala. (AP) — A Navy combat veteran said today he mobilized his pretty 24-year-old wife and two children into a task force of pickets that idled 800 steel workers because he did not want other employees to risk getting fired.

E. L. McClain, 31, marshaled his family into a picket line Wednesday morning at the Pullman Standard and Car Manufacturing Co., claiming he was unjustly fired from his job. Both the CIO United Steel Workers of America and the company called the walkout unauthorized, but enough workers honored the picket line to close the plant.

McClain, a veteran of five years of Pacific warfare in World War II, said he was determined to win back his job.

"I didn't want to ask anyone else to help me picket," he said. "They might get fired. So we talked it over and she decided to take one gate and I would take the other."

His children, Cathy, 5, and Jimmie, 3, "don't know what's going on, but they get a kick out of picketing," he said.

The children carry signs reading, "My daddy was framed" and "Put McClain back to work." The McClains picket only at 6 a. m. and at 3 p. m., when shift changes are scheduled. McClain said he was fired Sept. 9, two days after he got into a fist fight with another guard, E. L. Smith. McClain said Personnel Director Herman Thompson, also the Bessemer police commissioner, actually discharged him because McClain repeatedly had denounced Thompson's practice of hiring city policemen as part-time guards.

Soviets Free Prisoners

BERLIN (AP) — The Soviet Union released 12 French nationals, 2 Belgians, 1 Swiss and a Dutch woman from custody today.

The Red Cross said all the returnees had been arrested and sentenced by the Soviets for war crimes allegedly committed while they were associated with the German army in World War II.

Decision Handed Down by Illinois Supreme Court

Rule Action Must Proceed Against Police Magistrate

SPRINGFIELD (AP) — The Illinois Supreme Court today ruled that courts must submit reports of traffic convictions to the secretary of state as required by the 1953 "tough" drivers license law.

But the high court said the other points challenging the contents of the law were "not properly presented in this case."

The court ruled that the McLean County Circuit Court must proceed with the case involving the indictment of Bloomington Police Magistrate Walter J. Reiner on charges of failing to make the required traffic conviction reports.

It was the second time the Supreme Court had ruled on cases involving specific points of the law without handing down a decision involving broad constitutional questions.

The 1953 Legislature passed a law giving the secretary of state mandatory and discretionary powers to revoke and suspend the driving privileges of drivers committing serious or repeated violations. In some cases, the secretary has power to revoke and suspend licenses even before conviction for a violation.

Prior to the 1953 law, revocations and suspensions except for meeting the physical and ability requirements for a license, had to be ordered by the county or circuit courts.

The case before the court involved indictment of Reiner for "palpable omission of duty" in failing to report a drunken driving conviction from his court to Secretary of State Charles F. Carpenter.

The secretary of state and the attorney general had brought the charge against Reiner after discovering the secretary's records lacked reports of scores of such convictions in Reiner's court.

Reiner sought dismissal of the indictment and McLean County Circuit Judge William C. Radloff dismissed the charge on grounds the 1953 driver's license law was unconstitutional.

Secretary of State Carpenter issued a statement that the Supreme Court decision upheld "the very foundation" of the driver's license law by requiring the court to make the reports upon which revocations are based.

Youth Sentenced, St. Clair Receives 3-Year Probation

Circuit Judge C. Ross Reynolds returned to town yesterday to handle five criminal cases and sent one youth to prison.

Sentenced to a year at Menard was Dean Hamilton of Muddy, young fellow who confessed he hid in the rear of the Barter drug store until after it closed, then robbed the place of about \$75 and departed.

Continued until the December term were cases involving George Batelli of Chicago, charged with stealing Claud Shelton's station wagon at Carrier Mills. He appeared before Reynolds without a lawyer and when he told the judge he was making good wages in Chicago, Reynolds told him to be back in December with an attorney.

Also continued to the December term was the larceny indictment against Frank Greedy.

Placed on probation for three years was Raymond C. St. Clair, indicted for forgery. St. Clair is charged with taking names out of the "dead file" while employed at the U. S. Unemployment Compensation department here and forging their names to convert money to his own use.

Two Eldorado boys, William and Ralph Roy Roberts, also were placed on three years probation. They were indicted for burglary and larceny in connection with the theft of corn. Two other boys who were with them, Donald Fann and Paul Edward Lukanic, already had been placed on probation.

RABAT, Morocco (AP) — An explosion rocked a U. S. Air Force radar station near Fez today. It was officially described as an accident but it underlined the tenseness in Morocco where France was speeding its efforts to solve the Moroccan crisis.

Firm to Oil East Sloan Because of Construction Delay

Because of the delay in construction, the Stille company of Marion plans to oil Sloan street from Main east to the railroad for the benefit of the residents, it was revealed today by R. B. Brown, motor fuel tax engineer.

The oiling will be done without cost to the city or the property owners, Brown said.

The street has been prepared for oiling and oil was scheduled to be brought here from Benton at 8 a. m. today, but the rainfall halted the plans for today. It was explained that with this morning's rainfall, the oil would run off the road.

Stille still hopes to get in all of the curbing and guttering on East Sloan before winter, Brown stated. He holds the contract for paving both the O'Gara and the Sloan street sections. The O'Gara project should be completed soon.

Contempt of Court Citation Is Set Aside

SPRINGFIELD (AP) — Jefferson County Judge Dale Andrews' contempt of court citation against the state's attorney and his assistant today was set aside by the Illinois Supreme Court.

Justice Ralph Maxwell of Nashville said in the high court's opinion Andrews showed "a complete and inexcusable disregard of the fundamental and indispensable requirements of an order finding one guilty of direct contempt."

Maxwell ordered the contempt citation erased from court records. Andrews held State's Atty. Demetri Hassakis and Asst. State's Atty. Milton Ecker in contempt last March. The county judge said they "failed to maintain respect for and uphold the dignity" of his court.

Andrews suspended the prosecutors from appearing before his court for 30 days and said the suspension would continue indefinitely until he got a "satisfactory written apology." He later lifted this ban, however.

"Adjudging guilt and imposing punishment on anyone, by any person or by any court, without giving the accused an opportunity to defend himself is intolerable and prohibited by our constitutional guarantees," Maxwell said.

"If this order is valid, then the decision of a judge that a word or act is disrespectful to him is unrestricted and he becomes the law within himself," Maxwell said.

"What the word or deed was would be immaterial just so long as the judge thought it was disrespectful to him and his feelings were hurt," Maxwell said. "It is incomprehensible that one with such knowledge of law could have such a ridiculous and dangerous misconception of his power and authority."

Child Falls In Well Near Johnston City

HERRIN, Ill. (AP) — A one-year-old boy who fell into a well was under treatment for shock in a hospital here today.

Terry Lee Wallace, son of Mr. and Mrs. Carl Wallace, who live near Johnston City, fell into the well Thursday afternoon on his parents' farm. His sister saw the accident and called Mrs. Wallace who climbed down a ladder to rescue her son.

The ladder broke, dropping Mrs. Wallace and Terry back in the water and the sister ran to a neighbor's house for help. The neighbors got Mrs. Wallace and the boy out of the well and they were taken to the hospital.

Man Sentenced at Marion Claims He Is Paucha Gang Member

MARION, Ill. (AP) — A man sentenced to prison for stealing a truck in southern Illinois claims he is a member of a "Pachuco" gang in Chicago.

Richard Hurst, 18, Chicago, has tattoos on his arms similar to the dagger mark found on "Pachucos" gang members last year in Illinois. Hurst and Harold Hook, East St. Louis, were sentenced to five to seven years in prison Thursday for stealing a truck.

Hurst said he became a "Pachuco" while serving one of two terms in the State Boys School at St. Charles. He also served a term at the State School for Boys at Sheridan and was a trustee at a state boys' camp near Robbs before stealing the truck.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
GOP Chairman Can See No
Candidate But Ike; Other Re-
publicans Favor Warm-Up Of
Potential; Jimmy Roosevelt
Puzzles Eavesdroppers.

WASHINGTON. — The usually
frank Len Hall was being franker
than usual when he let down his
few remaining strands of hair
with newsmen the other day in
Denver.

Asked how the GOP was going
to carry out its threat of defeat-
ing Sen. Wayne Morse of Oregon,
the GOP chairman replied:
"We'll attack him for attacking
Ike."

Hall went on to explain that few
senators had criticized the Presi-
dent and those who did were going
to pay for it at election time.

"But suppose Ike doesn't run?"
Hall was asked.

"Then I'll commit suicide," re-
plied the chairman of the Republi-
can National committee.

GOP CANDIDATE INSURANCE

A small but unvoiced segment in-
side the GOP doesn't agree with
Mr. Hall about his campaign
strategy. While they want Eisen-
hower to run just as much as he
does, they don't believe in betting
all their money on one horse. And
at Denver some of them quietly
but vigorously pointed out that,
with the Republican convention be-
ing held August 20, the latest day
in recent political history, the party
could be left dangerously out on a
limb.

They also pointed out that the
President has already given ample
and repeated warning that he
does not plan to run again. His
first warning came as early as a
stag White House dinner in Decem-
ber 1954. Later, talking to Sen.
George Bender and other Ohio Re-
publicans, he warned that if he
ran he would be the oldest presi-
dent in history, and he referred
to the erosion that wears away any
president.

Finally at Denver, Eisenhower
repeated his warning that the party
must not rely on any one man.

All of this is why a small seg-
ment of GOP realists not only dis-
agree with the Ike-or-suicide strat-
egy of their genial GOP chairman
but claim that now is the time to
take out some candidate insur-
ance.

GOP POTENTIALS

Though they have been kept out
of the publicity spotlight by the
bright light that shines down on
the man in the White House,
there happen to be some excellent
men in the Republican party. Chief
trouble is that the public doesn't
know about them. And in these
days when the Madison Avenue
advertising moguls have been
helping popularize Ike and build
up Dick, the side-line candidates
don't get a break.

However, here are some of the
GOP side-liners worth looking over
and perhaps warming up before it
is too late.

Christian Herter, Governor of
Massachusetts—After chalking up
a notable record in the House of
Representatives, Herter has twice
been elected governor of the Bay
State. Tall, statuesque, he has
done a good job as governor, and
as a Protestant he has been able
to win many Catholic votes in a
predominantly Catholic state. At-
torney General Brownell, recog-
nizing his ability, has been propos-
ing Herter as vice-presidential

nominee in place of Nixon. How-
ever, he would make a good can-
didate for the top spot.

J. Goodwin Knight, Governor of
California — Has surprised a lot
of people by deserting the GOP re-
actionaries who originally backed
him and following a liberal, mid-
dle-of-the-road policy in California.
Knight is one of the few Republi-
can governors who have had
strong labor support. In a state
where the registration is heavily
Democratic, he also won a lot of
Democratic votes.

Fred Hall, Governor of Kansas
—Is a young up-and-comer in Re-
publican politics, who hasn't been
heard of much in the East but is
due to go places. Like Knight of
California, he is one of the few
GOP governors who have had
some labor support.

William Stratton, Governor of
Illinois — Has surprised his Demo-
cratic opponents by adopting some
of Adlai Stevenson's policies and
has been a levelheaded, hard-
working governor. If polished
with a little Madison Avenue ad-
vertising charm, he would be
presidential timber. It was Gov-
ernor Stratton who almost jumped
down Charley Wilson's throat
when he made the crack about
hunting dogs and kennel dogs.
Later, Stratton swallowed his
words.

Some of the men whom Ike
himself named at a stag dinner as
presidential potentials included

**Order Hearings
On New Test of
Truck License Law**

SPRINGFIELD —The Illinois
Supreme Court today ordered the
Cook County Superior Court to con-
tinue hearings on a new test of the
state's truck license law.

In another decision, the high
court said a manufacturer of goods
sold to railroads, which then carry
the goods to out-of-state points for
use, must pay the state retailer's
occupational tax on such sales.

Justice George W. Bristow of
Paris wrote the opinion ordering
the Superior Court to proceed with
the truck license law case. Bristow
repeated the high court's previous
upholding of the 1951 license law,
but said the suit by Charles E.
Mansfield and the Agricultural
Truckers Assn. raised new points
about 1953 amendments to the law.

He said these questions involved
whether the license rates were
reasonable or excessive and wheth-
er different fees on nearly similar
classes of vehicles was just or
arbitrary.

Oil Drilling Case
The court said Pressed Steel Car
Co. Inc., Chicago, must pay the
retailer's occupational tax or sales
tax on sales to the interstate rail-
roads which picked up the goods
in Illinois.

In another decision, the court:
Ordered judicial proceedings to
continue in the case involving the
right to drill for oil in the drain-
age area of the West Frankfort
city lake.

The city passed an ordinance to
ban drilling or operating of oil or
gas wells within the lake water-
shed on grounds such operation
would endanger the water supply.
A trial court dismissed the city's
plea for an injunction against the
drilling.

Godfrey Sends Report of Plane Incident to CAA

CHICAGO — Arthur Godfrey
was at the controls of his private
plane when it became involved in
an incident which led to new reck-
less flying charges against the
television entertainer.

Godfrey's part in the episode was
revealed in a two-page report
which he sent to investigator Har-
ry Troxell of the Civil Aeronautics
Administration.

Troxell had requested the report
after Ozark Airlines filed a com-
plaint with the CAA charging that
Godfrey's private DC3 airplane
flew too close to an Ozark airliner
last Sept. 7. Godfrey denies the
charge.

Troxell said Thursday night he
has forwarded Godfrey's letter,
along with his own report on the
case, to the CAA's legal section

at Kansas City for disposition.
The legal division can absolve
Godfrey from any blame, assess
fines against him, or recommend
that his flying license be revoked
or suspended, Troxell said. Any
revocation or suspension of God-
frey's license would have to be
finally approved by the Civil Aero-
nautics Board in Washington.

But ere long they passed from
the pages of history. God is very
patient, but he is also just. Wicked
nations have dominated the earth
in historical times, but they are
forgotten now and unmourned.

Lauder's Beginning
As a lad, Sir Harry Lauder work-
ed as a millboy and coalminer, but
his natural talent as an entertainer
led him to choose the stage as a
profession. He was knighted in
1919.

Mr. and Mrs. Bruce McGuire,
419 West Church, have received
a letter informing them of the se-
lection of their son, Staff Sgt. Rob-
ert E. McGuire, as "Non-Commis-
sioned Officer of the Month" of
the 325th Fighter Interceptor
Squadron, Trux Field, Madison,
Wis. The letter stated that his

Births

To Mr. and Mrs. Kenneth Eugene Ragsdale, RFD 2, Galatia, a girl named Roxanna, weighing eight pounds, five ounces, born Sept. 27 at the Harrisburg hospital. The mother is the former Carla Castle.

Traffic Control

A four-lane highway of modern design will carry as much traffic, at twice the speed, as five 68-foot-wide streets which permit parking on both sides.

Kenneth Walter Owens Celebrates 8th Birthday

Last Sunday Kenneth Walter Owens, son of Mr. and Mrs. Omer L. Owens, was pleasantly surprised with a birthday supper on his eighth birthday.

Present were his uncle and aunt, Mr. and Mrs. Donald Winters and children, Dick and Mary Helen, and the Winters' granddaughter, Diane, all of Murphysboro.

All enjoyed a supper at a table centered with a flower arrangement which was a gift from Mr. and Mrs. Charles Smith, close friends of both families.

Kenneth blew out all eight candles atop his three layer birthday cake.

On Monday afternoon Kenneth celebrated his birthday with six little friends, Deborah Kaye Aldridge, David Aldridge, Carol Ann Donham, Dickie Rodgers, Marsha and Forrest Moore.

To start the fun Deborah Aldridge sang two songs after which games were played and gifts opened. Pictures were taken during the afternoon.

Refreshments were served from a table covered with a green cloth and centered with a cake with boat-shaped candles.

LOST 41 LBS. WITH RENNEL RECIPE

MOLINE, ILL. "I can truthfully say that Renneil Concentrate was responsible for my losing over 40 lbs. I weighed 127 lbs. when I started the Renneil home recipe way to reduce and now weigh 86. I feel so much better and not so self conscious of my excess weight. I will continue with Renneil until I lose another 10 lbs. and reach my normal weight. I recommend Renneil to anyone wanting to reduce the easy and right way." So writes Mrs. Ray B. Houseworth of 3230 14th St.

No starvation diets with Renneil. Results guaranteed.

When you need a quick sprint for safer passing, this V8 delivers!

It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

It's the big reason Chevrolet's been taking all comers in short track stock car events this season. Sizzling acceleration along with handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

In Memoriam

In loving memory of Charles Henshaw, who departed this life Sept. 23, 1950:
God gave us strength to bear it,
Courage to meet the blow,
Though how it hurt to lose you,
Only those who loved you know.
Heartbreaks lie behind our smile,
And laughter hides the tears,
It seems like only yesterday,
Instead of five long years.
Sadly missed by his wife and daughters.

**U. S. Chamber of
Commerce Sees
Record Buying**

WASHINGTON — The U. S. Chamber of Commerce predicts this year will be the best ever for business, and will be topped with the biggest Christmas buying spree in history.

Only the farmer will not share proportionately in the boom, the chamber said.

"Practically all business barometers," the chamber said, "agriculture excepted, are at new highs and the economy is operating close to capacity. For this reason the rate of business expansion probably will become more moderate from now on."

The chamber said the increase in consumer credit and mortgage debt, next year's elections and the upward pressure on prices were "less serious doubtful spots" in the economy than the drop in farm income.

The chamber praised the various government moves to check credit "without attempting to discourage legitimate loans."

"A general tightening now," the chamber said, "may check excessive upward price pressures and would allow elbow room to loosen credit next year to buoy up the economy, if necessary."

**Bundestag Gives
Adenauer
Confidence Vote**

**Endorse Agreement
Chancellor Signed
With Soviet Leaders**

BONN, Germany — The West German Bundestag (lower house) today unanimously approved establishment of diplomatic relations with the Soviet Union.

It was an unusual vote of confidence in West German Chancellor Konrad Adenauer on his mission to Moscow.

The vote came with surprising suddenness after less than 2½ hours of debate during which spokesmen of all parties announced endorsement of the agreement signed by Adenauer with the Soviet leaders.

But opposition Socialists, while supporting diplomatic relations with Russia, stated specifically that their approval did not constitute a "blank check" for Adenauer's foreign policy. In addition, they leveled bitter charges at the chancellor for damaging prospects of German unity.

Show of Hands Vote
Socialist Party chief Erich Ollenhauer charged that the establishment of diplomatic ties with Moscow has "hardened the division of Germany."

He suggested that the Soviet Union be approached on the idea of a united Germany included in a European security system allied with neither the Communist nor Western power blocs.

Russia has long sought a "neutral Germany" patterned after Austria, which won its freedom only when it gave in to such a Soviet demand. Moscow, however, wants such a neutralized Germany outside of any security system.

The Bundestag's approval was registered by a show of hands vote on two resolutions on which all parties had agreed in advance.

The first endorsed diplomatic relations but made two important reservations: That the West German government is the only legal spokesman for the entire German people and that Germany's eastern frontiers can be fixed only in an all-German peace treaty.

Want Prisoners Freed Soon
Adenauer already had made these reservations in a letter to Soviet Premier Nikolai Bulganin at the conclusion of the historic Moscow talks.

The second resolution took note of the Soviet promise to release thousands of German war prisoners and expressed hope that the pledge would be carried out soon.

**Railroads Face
Strike Threat**

CHICAGO — Some of the nation's railroads today faced an immediate strike threat by 11 unions representing 800,000 non-operating rail workers.

The threat arose after the unions broke off negotiations with the nation's carriers Thursday over a demand for a 25-cent hourly wage increase.

George E. Leighty, chairman of a national union conference committee, said the strike "could be called" within a week on some roads. He declined to specify which roads would be involved.

Leighty said the threatening unions account for about three-fourths of all rail workers, including clerks, telegraphers, machinists, boilermakers, dining car employees and maintenance-of-way workers who do not actually man the trains.

Their average hourly pay now is \$1.78, he said.

**Driver Doesn't Wait
For Second Look; Escapes
As Train Smashes Truck**

DASSEL, Minn. — Truck driver Ervin Skaja was alive today because he didn't wait to take a second look.

Skaja's semi-trailer, loaded with granite, stalled on a railroad crossing Thursday night. As he tried to start the truck, he saw the crossing signals flashing.

"I just opened the door and jumped," he said.

A Great Northern freight slammed into the cab seconds later. The cab was demolished.

was reported in the 18-month-old dispute between carriers and the Brotherhood of Railroad Trainmen, the Brotherhood of Locomotive Firemen & Enginemen, and the Switchmen's Union.

It was hinted that the carriers increased their wage hike offer from 4 to 8 cents an hour, but withdrew an offer to foot the entire bill of a health-welfare insurance program.

SIU Seeks Grid Victory Over Illinois Wesleyan

By United Press
Ten Illinois college teams will
kick off their 1955 football cam-
paigns Saturday.

Two games pitting teams from
the College Conference of Illinois
against members of the Interstate
Intercollegiate Athletic Conference
claim a major share of attention.

Wheaton, winner of the CCI title
the last two years, will entertain
Northern Illinois State of the IAC
Saturday night in the season open-
er for both teams. It will be the
34th meeting between Wheaton and
the De Kalb school since 1915.

Southern Illinois University will
seek to get on the victory trail at
the expense of Illinois Wesleyan
at Wesleyan. SIU dropped a 7-0
game to Southeast Missouri State
a week ago. It's the curtain-raiser
for CCI dark horse Wesleyan.

The first conference game in the
CCI sends Carroll College to De-
catur to take on Millikin Saturday
night. Other CCI teams all open
their seasons with non-conference
foes.

Carthage visits Augustana, Elm-
hurst's Bluejays travel to Water-
town, Wis., to play Northwestern
College; Lake Forest hosts Beloit,
and North Central goes to Eureka.

Illinois State Normal University
and Eastern Illinois State tune up
for their IAC schedules against
non-league teams. Kalamazoo will
test Eastern at Charleston and Nor-
mal visits Bradley. It's the season
opener for Bradley's Braves, too.

Knox and Monmouth, the two
Illinois representatives in the Mid-
west Conference, both have their
work cut out for them in their sec-
ond league games Saturday.

Monmouth travels to Ripon while
Knox visits Carleton. Both Mon-
mouth and Knox dropped games
last week, while Ripon and Carle-
ton chalked up wins.

Harrisburg and Ridgway in Finals Of Grade Tourney

Harrisburg and Ridgway will
battle for championship honors in
the grade school softball tourna-
ment being played at the town
park in Harrisburg. The title tilt
was scheduled to get underway at
3 p. m. today.

In semifinal games played
Thursday Harrisburg won from
Carrier Mills 9-4 and Ridgway
edged past Raleigh 9-8.

Stone was the winning hurler for
Harrisburg, holding Carrier Mills
to seven hits while Rice was the
loser. The Harrisburg boys pound-
ed out 15 bingles.

Harrisburg jumped out to a 2-0
lead in the first inning and extend-
ed it another marker in the third,
but Carrier Mills then came up
with a four-run rally to take a 4-3
lead. Then the locals scored four
in their fourth and two more in the
sixth to tie the decision.

Ridgway had to come from far
back to win over Raleigh, who piled
up a 7-1 lead in the first four
innings. In the fifth Ridgway
counted three times and had a
big five-run sixth. Raleigh scored
a single tally in the sixth and
threatened in the seventh, but
Ridgway snuffed out the rally to
gain a berth in the final round.
Hamilton was the winning pitch-
er and Oglesby the loser.

Winner in the championship con-
test will advance to state compe-
tition at Du Quoin next week.

No Decision by White Sox on Lane Successor

CHICAGO (AP)—There's no joy
on Chicago's South Side today.
Frankie Lane's leaving town.

Frank Lane, dynamic general
manager of the Chicago White Sox
for the past seven years, tendered
his resignation Thursday in a let-
ter to Mrs. Grace Comiskey, pres-
ident of the White Sox.

The man who became known as
the greatest gambler and trader in
baseball said he was "reasonably
assured" Mrs. Comiskey would
free him from his contract which
runs through 1959.

Charles Comiskey III, vice pres-
ident of the Sox and No. 1 reason
for Lane's decision to quit, said
there has been no discussion as
to who will succeed Lane.

"I imagine that is a matter that
will be taken up after the World
Series," Comiskey said.

Came to Sox in 1948.
The 29-year-old Comiskey also
refused to discuss whether he
would take over Lane's job him-
self.

"I'm not in a position now to
say whether I will or will not,"
he said.

Lane took over the Sox in 1948
after they finished eighth the year
before and led the club to its most
financially successful era in his-
tory.

Under Lane and his shrewd
deals the Sox' net worth skyrocketed
from three million dollars in
1948 to around six million dollars
today.

Lane led the White Sox to sixth
place finishes during his first two
years and has kept the Sox in the
first division for the past five
seasons.

During his reign, he made 241
deals involving 253 players. Some
of his best included getting Billy
Pierce from Detroit for Aaron
Robinson; buying Chico Carrasquel
from Brooklyn in 1950 for \$25,000;
and trading catcher Joe Tipton to
Philadelphia for Nellie Fox.

Acquired Many Prize Players
In 1951, Lane got Minnie Minoso
in a straight deal for Gus Zernial
and Dave Philley. He bought Jim
Rivera from the St. Louis Browns
in 1952.

Among the other "prizes" on his
long list are Bob Keegan and
Sandy Consuegra, who he pur-
chased in 1953 for a song. This
year he got Jim Busby back from
Washington, Dick Donovan, Dixie
Howell, Walt Dropo and Bob Nie-
man. Without them, the Sox never
would have been in a flag race at
all.

Lane made his decision to leave
the Sox earlier this month when
young Comiskey took Baseball
Commissioner Ford Frick's side
after Frick fined Lane \$200.

When the Sox were finally elim-
inated from this year's race, Lane
wasted no time in resigning.

Rumors have it that Lane's next
step will be as boss of the St. Louis
Cardinals, but nothing official can
be announced concerning his next
job until Mrs. Comiskey releases
him from his contract.

focal spectacles.

Yankees Hope to Clinch Pennant Today; Need One Victory Or Indian Loss

By United Press
The streaking New York Yan-
kees get three big chances to clinch
the American league pennant to-
day.

Already assured of at least a tie
for the flag, the fired-up New
Yorkers can put the flag under
lock and key by winning either
their day game or their night
game against the Boston Red Sox
in Boston. Or they could lose both
and still clinch today if second-
place Cleveland loses its day game
to the Detroit Tigers in Detroit.

Big 10 Teams Favored in Non-Loop Tilts

CHICAGO (AP)—Big Ten teams
were favored today to win inter-
sectional battles against two Pa-
cific Coast Conference clubs and
three Big Seven rivals on the
opening Saturday of the football
season.

However, the intersectional
scraps will share billing with a
single Big Ten Conference match,
the meeting between Michigan
State, conference co-champions
two years ago, and Indiana at
Bloomington in the regional tele-
vision game on the CBS network.

Michigan State, winner of three
of nine games last season, was a
2½ points choice to down the
Hoosiers, who last year also had
three victories. In their meeting
last year Michigan State gained a
21-14 decision.

Illini Favored By Point

Illinois, which finished last in
the Big Ten last season, faced ap-
parently the roughest non-confer-
ence match, traveling to the West
Coast to tangle with California.
The Golden Bears, tutored by for-
mer Big Ten Coach Lynn Waldorf,
were beaten by Pittsburgh in their
first game and Illinois is a one-
point favorite.

Minnesota meets Washington at
Minneapolis in the second match
with a Pacific Coast Conference
rival, and the Gophers, who have
lost to the Huskies only three
times in 10 games, were listed as
a two-touchdown favorite.

Michigan, touted as the top fa-
vorite for the Big Ten title, plays
at home against Missouri of the
Big Seven, defeated by Maryland
in its opener last week, and the
Wolverines were a 20-point choice.

Defending conference champion
and Rose Bowl winner Ohio State
also faces a once-beaten Big Seven
club, Nebraska, and the Buckeyes
were a 26-point choice to trip
Kansas State of the Big Seven.

Purdue Given Wide Edge

Purdue also meets a West Coast
eleven, College of the Pacific, and
the Boilermakers, also rated as a
Big Ten powerhouse, were a 19-
point favorite. College of the Pa-
cific lost its first game to Stan-
ford.

Both Northwestern and Wiscon-
sin face Midwest opposition and
were favored. The Wildcats, set
for their first game under Coach
Lou Saban, were a 12-point favor-
ite over Miami of Ohio, even
though Miami last year tripped
Indiana, while Wisconsin was a 20-
point favorite over intra-state rival
Marquette.

Notre Dame will open Coach
Terry Brennan's second season
with the Irish as a seven-point
choice to drop Southern Methodist
in their second consecutive game.
The two clubs closed the 1954 sea-
son against each other with Notre
Dame winning a 26-14 match.

Archie Moore's Purse Attached for \$64,000 in Taxes

NEW YORK (AP)—The U. S. In-
ternal Revenue Service served an
attachment today for \$64,000 of
Archie Moore's purse from the
Rocky Marciano fight for past and
"anticipatory" taxes.

"The 'magic number' is only
"one"—one Yankee win or one
Indian loss.

"If we don't clinch the flag to-
day, I'll be awfully disappointed,"
Yankee Manager Casey Stengel
admits.

"We should have that old pen-
nant in the bag this afternoon or
tonight," said Stengel as he named
right-hander Don Larsen to make
the afternoon try and southpaw
Tommy Byrne to follow at night.
Meanwhile, the Yankee clubhouse
man put the champagne on ice,
all set for the big celebration.

Boston Dropped Out

The disappointed Red Sox, who
dropped right out of the pennant
race by losing 12 of their last 14
games, are anxious not to be hum-
iliated in the bargain. To keep the
corks in the Yankee champagne
bottles just a little longer, they
named pitchers Tom Brewer and
Willard Nixon for today's games.

The 1955 pennant would be the
sixth for the Yankees in the last
seven years, an awesome record
of league domination, and their
21st in baseball's modern era.

It also would be the sixth flag
for Manager Stengel, and clinch-
ing in Boston would give gnarled
old Casey an extra kick, because
he operated in the "Hub City" for
several sad seasons as manager
of the downtrodden Boston Braves.

Out in Detroit, the Indians could
only do their best against the Tig-
ers and, at the same time, keep
an eye on the scoreboard to see
how the Yankees are doing in Bos-
ton. All Cleveland hope is at the
vanishing point, but Manager Al
Lopez won't yell "uncle" until the
last mathematical chance is gone.

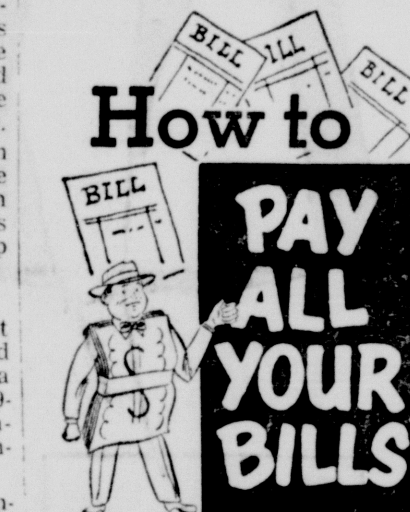

To Keep Trying
"We'll still keep on trying be-
cause anything could happen," Lo-
pez insisted stubbornly. "After all,
the Yankees could lose all their
remaining four games."

He didn't sound much like he
meant it.

The Yankees must lose all their
remaining four games and the In-
dians must win all their remain-
ing three for the two teams to fin-
ish in a tie for the pennant. In
that event, they would meet in a
single game playoff in Cleveland
on Monday.

Here's how they stood going into
today's games:

New York	94	56	.627	4	
Cleveland	91	60	.603	3½	3

Says Grownups Exploit Little Leaguers

PITTSBURGH (AP)—Dr. Thomas

that Little League baseball is being
jeopardized by grownups who place

winning ahead of fun. Dr. Shaf-
fer claims that Little Leaguers
often are harmful because the
players are "exploited" by older

Cost of Living Slightly Lower During August

WASHINGTON (AP)—Lower prices for food and some household furnishings dropped the cost of living a little bit in August.

The drop occurred after a two-months increase, the government reported today.

Officials said the price increases in steel and other metals this summer, following in the wake of wage hikes, had not had any noticeable effect so far on consumer prices. There is no way to tell yet whether they will, they said.

The Bureau of Labor Statistics

reported that its index of consumer prices declined 2 of 1 per cent between mid-July and mid-August to 114.5 per cent of average 1947-49 prices. This still was higher than in any of the first six months of the year but 4 of 1 per cent below August last year.

MISS SOUTHERN ILLINOIS EMCEE—Diane Danigellis, Chicago, Miss Photoflash of 1955, will preside at the judging and coronation of Miss Southern Illinois in the West Frankfort high school gymnasium Saturday night at the climactic feature of a three-day Founder's Days celebration. Candidates from twelve Southern Illinois towns are entered in the queen contest which will be judged by editors of seven area newspapers. The candidates will make their first appearance in a Queen's parade at 2 p. m. Saturday. The celebration, which opened Thursday, is in commemoration of 144 years of community history since the pioneer days of Frank Jordan, from whose 1809 log fortress (Frank's Fort) the city of West Frankfort years later took its name.

Arabs Ambush Israeli Bus; One American Killed

TEL AVIV, Israel (AP)—An American was killed and a Canadian was wounded when a band of Arab infiltrators machinegunned and bombed an Israeli bus, it was disclosed today.

The dead man was identified as Rabbi Herman Brach, Brooklyn, N. Y. The wounded Canadian was identified as Rojica Bercewicz, Montreal, Que.

An Israeli spokesman said the bus was ambushed Thursday night in northern Israel. The scene was the Haifa-Safad highway between the towns of Meron and Kfar Shamal, near the frontiers with Lebanon and Syria.

Official circles hinted that the incident was considered most grave since it bore all the signs of a campaign to "make life inside the country unsafe through terrorist methods."

A bus loaded with schoolchildren on an excursion was ambushed on the same spot two years ago and one schoolboy was killed. The attackers then came from Lebanese territory.

Israel protested today to the Israel-Lebanese Mixed Armistice Commission demanding an emergency session to deal with the ambush, the Foreign Office announced.

Girl, 4, Fatally Injured When Thrown from Pony

PITTSFIELD, Ill. (AP)—Four-year-old Joyce Elaine Lowe was fatally injured Thursday when she was thrown from a pony in a pasture near her home.

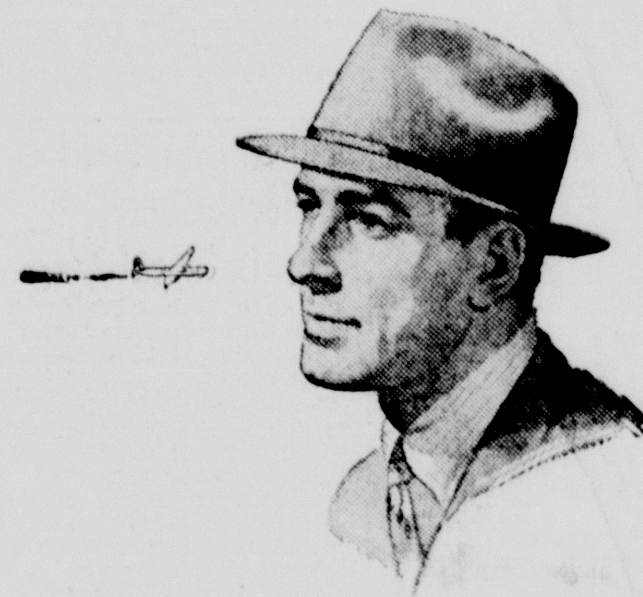

The girl apparently caught her foot in a stirrup as she was thrown and was dragged and kicked by the pony.

Her parents, Mr. and Mrs. Hayward Lowe, witnessed the accident and took Joyce Elaine to Illini Community Hospital. She died there about two hours after the

accident from a skull fracture.
